

SEAL ARMCHAIR

Also available as: Standard, Weighted Chair (70 kg)

- Seamless, anti-concealment design for enhanced safety
- Water-resistant and hygienic outer skin for easy cleaning
- Subtle armrests support safe de-escalation practices

The Seal offers a versatile seating solution, combining safety, durability, and comfort. Its seamless design minimizes concealment opportunities, while the SOFT-TEC molded polyurethane surface ensures resistance to wear, tears, and abrasions. The anti-concealment base and non-accessible fixings provide an added layer of security, making Seal ideal for challenging environments.
