

TOOTHPASTE

Also available as: Toothgel, clear fluoride, 28 gr (10 pcs), Toothpaste fluoride, 42 gr (10 pcs)

- Hygiene products with health and safety in focus
- Designed specifically for challenging environment

Sold in packs of 10 pcs. In many environments with high safety requirements, it is not possible for clients/patients to independently choose hygiene products because institutions must relate to the fact that some hygiene products may constitute a safety risk, and therefore not permitted. Evidence-based Design, EBD, shows that self-determination reduces stress, which can reduce aggression and promote healing. Autonomy has been shown to have a positive impact on well-being and contribute to healing. It is therefore important to create a life and environments with good conditions for self-determination with the help of architecture, interior design and products. "Toothgel clear fluoride" in clear and flexible packaging. Transparent packaging makes it difficult to hide objects or manipulate the packaging.

PRODUCT DATA

Material

See assortment table
