PRODUCT DATA

Technical data

Weight: 3.74 g

Material

Stainless steel

Maintenance

Wipe the housing with a soft, damp cloth as needed. The battery (1 x AA) is replaced according to the manufacturer's instructions, normally about once a year.

Technical data

Protected by a registered UK design for reduced self-harm risk. The front cover is secured with tamper-proof screws but can be opened for battery replacement/setting without dismantling the whole housing. Analogue display with quartz movement and day/night indication.

Sustainability

Robust vandal-resistant steel housing with an impact-resistant polycarbonate cover in front of the dial, for a long service life in demanding environments.

Delivery

Delivery time 6-8 weeks. Please note that unforeseen events may affect delivery. For enquiries, please contact us at info@healsafeinterior.com.

Warranty

The warranty period is 2 years from the date of delivery. During this period, the warranty covers any manufacturing defects and material faults.

Manufacturing/Production

Europe
