- Self-harm resistant cutlery as an alternative to metal cutlery
- Cutlery made of durable, reusable plastic that is very hard to break
- Withstands both microwave ovens and dishwashers

Cutlery designed to reduce self-harm and assault. The grey forks, spoons, and knives are produced in a special plastic with the specific purpose of lessening harm or self-harm. This cutlery enables cutting while remaining a safe alternative compared to metal cutlery.

[Safedine](#) is the safest alternative when it comes to self-harm prevention; however, in some cases, it is too soft to cut meat, etc. Sold in packs of 25 pcs.

### PRODUCT DATA

#### Material

A combination of HDPE and LDPE plastic.

#### Technical data

Designed and made in Sweden.

#### Delivery

Orders will be shipped within 1-2 weeks. 1 years warranty against manufacturing defects. (The product is to be seen as 'reusable'\* with a limited life span through its design and choice of riskreducing material, therefore no warranty is applicable.)

#### Maintenance

withstands both microwave oven and dishwasher.

#### Sustainability

Recycling as plastic. May be recycled by the manufacturer.
