PRODUCT DATA

Material
HS 616, HS 614, HS 617 – Polycarbonate HS 615 – Lexan

Technical data
Designed and made in Sweden.

Delivery
Orders will be shipped within 1-2 weeks. 1 years warranty against manufacturing defects. (The product is to be seen as ’reusable’* with a limited life span through its design and choice of riskreducing material, therefore no warranty is applicable.)

Maintenance
The products are dishwasher safe and last longer. Please bear in mind that in comparison with ordinary glass, plastic glasses will obtain a duller surface with time.

Sustainability
Recycling as plastic.

Note
Plastics are highly sensitive to: aging, UV radiation, humidity, temperature, drastic change of temperature and/or humidity. “Reusable” plastic products are aimed to have a longer life span than ordinary disposable products. Dishwasher and microwave use is accepted, as well as mild detergents. However, we cannot guarantee maximum dishwasher cycles, microwave wattage, freezer or oven settings, since all machines operate differently. Plastics deform and regain form in different extents. Strong detergents, sudden changes in temperature and/or moisture, impact through force or careless handling will affect the product’s life span. Strong pigments and oil e.g. from food can leave stains. Reusable” plastic products do lose their strength/properties with time and shall continuously be overseen to not create risk, e.g. becoming brittle, due to above given circumstances and handling.
